## Declaration of no objection

Compliance with legal requirements such as the UW, the Chemicals Act, Waste Act and the Water Resources Act requires all commercial enterprises and their employees, the people and the environment from harmful effects when dealing with hazardous substances.

A repair / inspection of products and parts will only if the following statement by authorized and qualified personnel is **filled out correctly and completely**.

If in spite of complete draining and cleaning by the operator, **safety precautions** should be necessary, these should be enclosed on this certificate.

Parts that have been operated in **radioactively contaminated** media are generally **not accepted**.

This certificate of conformity is part of the return. Unaffected, we reserve to refuse to accept the order for other reasons.

The returned article from us, the signer, for repair or inspection

\_\_\_ was **not** used in **hazardous** media  
 \_\_\_ was in **contact with a chemical fluid** (please indicate name and chemical formula or append SDS)

designation : \_\_\_\_\_ chemical formula: \_\_\_\_\_ concentration: \_\_\_\_\_

The item is completely emptied and cleaned inside and outside before shipping / delivery.

\_\_\_ Special **safety precautions** are **not necessary** for further handling.

\_\_\_ The following **safety precautions** are **necessary**:

\_\_\_\_\_  
 (if necessary complete on the back of this sheet)

We assure that the above details are correct and complete and will be shipped in accordance with statutory provisions.
